Special Notice – Mapping Modules

IDCP

Please note that the **Year 2 Semester 01 Interactive Design Concepts and Practices (IDCP)** is discontinued. There will be a final exam given covering all the content. This exam will be conducted along with the Semester 1 final examination. Lectures, tutorial and Labs will not be conducted. You can refer the Lecture material available in the Moodle Module page.

DSA

Data structures and algorithm module will be offered to two batches this semester. The content will be different. Hence **Prorata** students should register to **second year second semester Data structures and algorithm module.**

ORDBMS

Please note that according to the Curriculum update, this would be the last time Object Relational Database Management Systems will be offered in Year 2 Semester 2 of HDIT.
From next semester onwards it would be updated as Data Systems for Year 2 Semester 2 of HDIT.
